

Mr Vipul Mandalia

Presentations

Invited Faculty Presentations

The Stryker Webinar Meniscus repair symposium – Moderator	15 Oct 2020
The Unicompartamental Knee Replacement Webinar, LIMA Day Case Unicompartamental Knee replacement	14 Oct 2020
The Arthrex Webinar Bone Marrow Lesions – It is not all about the cartilage	30 Sept 2020
THE BIOS Webinar Patellar Instability	13 Sep 2020
The South West Unicompartamental Arthroplasty Meeting ACL in Unicompartamental Knee Arthroplasty Unicompartamental Arthroplasty – How I do it	12 Mar 2020
Advanced Arthroscopic Knee, BOSTAA, London MCL Reconstruction – 10 top tips	16-17 Jan 2020
1st Annual Meeting of British Patelofemoral Society MAKO Robotic Assisted Patelofemoral Replacement – Early Experience	8 Jan 2020
Sports Knee Meeting, Warwick Cartilage Repair Options in UK 2019 Live cadaveric demonstration of inside out circumferential sutures.	25-26 Nov 2019
BOSTAA Overuse Injury of the knee – When should surgeon help?	15-16 Nov 2019
40th Cyprus Orthopaedic Association Meeting ACL Reconstruction with Remnant Preservation – How do I do it Meniscus Repair – Tips and Tricks	1-3 Nov 2019
Exeter Sports Injury & Soft Tissue Symposium Knee Sports Injury – Recent updates and When to refer urgently	26 Sep 2019
15th Bath Biomechanics Symposium Keynote Lecture: Driving Innovations in a Clinical Setting	16 Sep 2019

Mr Vipul Mandalia

International Child and Adolescent Knee Congress, Sheffield Patella Alta and Lateralised Extensor Mechanism	13-14 June 2019
Exeter Knee Masterclass, Exeter PFJ instability Meniscus Repair – Tips and Tricks Optimising Visualisation and avoiding Hyperflexion in ACLR.	7-8 May 2019
The Meniscus 2019 – Technology and Innovation Forum, Munich Circumferential Repair for peripheral vertical meniscus tear Repair configuration of Vertical Meniscal Tear - Biomechanical testing Biologic approach and Augmentation of Meniscus repair	26-27 June 2019
Stryker Soft Tissue Knee Course Meniscus repair – Inside out, Outside in and Sharp shooter	21 March 2019
The UK Biological Knee Society Meeting MACI – The Exeter Experience	31 Jan 2019
Advanced Knee Arthroscopy, RCS of England Chondral injury and Chondral Surgery	17-18 Jan 2019
South West Orthopaedic Club Meeting Articular Cartilage Transplantation update	30 Nov 2018
South West Ambulatory Group Conference, Buckfastleigh Day Case Knee Surgery in Community Hospital	12 Oct 2018
BOA, Birmingham Arthroscopy in Degenerate meniscus tear	28 Sep 2018
Cartilage and Osteoarthritis – Imaging, University of Exeter Advanced imaging techniques for in vivo diagnosis of early-stage osteoarthritis (Session chair)	18 Sep 2018
ACL Repair – Technology Innovation Forum ACL Tibial tunnel – Dealing with the stump	11-12 July 2018
British Indian Orthopaedic Society, Leeds Knee Sports Injury	29 June 2018

Mr Vipul Mandalia

Soft Tissue Knee Masterclass, Keele MPFL Reconstruction – How I do it. RAMP lesion	27 June 2018
ISKSA, Leeds ACL Reconstruction Technique – My approach	21-22 June 2018
ESSKA, Glasgow European pre-course cadaveric teaching course Biologic approach and augmentation in selective cases of Meniscal Repair	9-11 May 2018
Exeter Knee Masterclass HTO – How I do it Robotic PFJ Replacement	30 Apr-1 May 2018
BASK, Leicester Novel Meniscal Repair technique – Cadaveric demonstration	19-20 Mar 2018
Stryker Knee Meeting, Amsterdam Meniscal repair – Overview of surgical techniques Flexible reamer and Femoral Tunnel Placement in ACL Reconstruction Fixed Loop Suspensory Fixation in ACL Reconstruction – My arguments	29-30 June 2017
Stryker Soft Tissue Knee Masterclass, Keele Meniscal Repair – surgical technique Role of Flexible Reamers in Femoral Tunnel Placement MPFL Reconstruction – How I do it. Ligament Avulsion injury to knee.	17-18 May 2017
Exeter Knee Masterclass, Exeter Femoral tunnel placement in ACL Reconstruction – use of flexible instruments Meniscus – Applied anatomy and Biomechanics Meniscal repair – Surgical Technique	9-11 May 2017
Stryker European Sales Meeting, Barcelona Meniscus – Anatomy, Biomechanics and Treatment overview	3 Feb 2017
Advanced Knee Arthroscopy, RCS of England Cartilage injury and Treatment	26-27 Jan 2017
Indian Orthopaedic Association meeting, Konchi Avoiding Complications in ACL surgery	16 Dec 2016

Mr Vipul Mandalia

British Orthopaedic Association Complications of ligament surgery of the knee	Sep 2016
Stryker European ACL and soft tissue knee meeting, Amsterdam Tibial Tunnel – Stump preservation and bundle augmentation Stryker European ACL and soft tissue knee meeting	July 2016
Soft Tissue Knee Masterclass, Newcastle MPFL Reconstruction – How I do it Knotless anchors in acute ligamentous injury of the knee Anterolateral instability of the knee – Current evidence Tibial tunnel placement – Stump preservation and Bundle Augmentation	June 2016
Exeter Knee Masterclass, Exeter Biologic Solution in Young Knee Arthritis Acute ligament avulsion repair with knotless anchors MPFL + TTO: Surgical Technique Femoral tunnel in MPFL Reconstruction (X-ray / Palpation / Isometry) Anterolateral instability in ACL injury ACL Surgical Technique	May 2016
Gujarat Orthopaedic Association Conference, Vadodara, India Evaluation of young knee arthritis Ligamentous instability Indication for high tibial osteotomy Anterior knee pain	Feb 2016
Coblation in the Knee, London Why Coblation – Rationale, Science and Evidence	June 2015
Great Expectation 2015, Stryker 9th International Hip & Knee Symposium Fixed bearing partial knee replacement: Practical tips on surgical technique Patella resurfacing in TKR: Practical tips and surgical technique Managing Patella during Total Knee Replacement	Mar 2015
Evolving Techniques in ACL surgery, Cambridge, UK Anterolateral ligament in ACL injury and reconstruction (Historical development, recent understanding and current status)	Nov 2014

Mr Vipul Mandalia

Brighton Cadaveric Course – Hip & Knee, Brighton Surgical Decision Making in Medial Compartment Arthritis Evolution and Design of Unicompartmental Knee Replacement How Implant Design affects TKR Technique	July 2014
SICOT, Hyderabad, India PSI for kinematic aligned TKR – principles and early experience.	Oct 2013
Evolving Techniques in ACL surgery, Coventry, UK	Dec 2013
Evolving Techniques in ACL surgery, Cambridge, UK Evolution of ACL Surgery Creating Optimal Tibial Tunnel in ACL Reconstruction Preserving the Stump During ACL Reconstruction New technique in ACL reconstruction – The use of a 70-degree Arthroscope and flexible reamer in ACL Reconstruction. ACL Bundle Augmentation	Nov 2014
Arthroscopy update, Baroda, India Meniscectomy – Surgical Technique – Tips and pearls Problems after meniscectomy Meniscal repair, root repair and Meniscus transplantation ACL Reconstruction: Restoring the anatomy – From Transtibial to Transportal Recent advances in treatment of ACL injuries. PCL and posterolateral corner injury – Diagnosis and treatment Clinicoradiological assessment of patello-femoral problems. Surgical treatment for various patello-femoral problems.	Feb 2013
Stryker TKR innovation, Mahwah, NJ, USA Kinematic alignment in TKR Shape Match TKR- UK Experience	Feb 2013.
Midland Knee Controversies, Birmingham Do we need mechanical alignment for all our TKR?	May 2012
Christian Albrecht University, Kiel, Germany Principles, Surgical technique and Outcome of microfracture	May 2011
International knee meeting, Coimbatore, India Principles of total knee replacement Treatment of young knee arthritis	April 2011

Mr Vipul Mandalia

Exeter Knee Master Class

April 2008, 2009, 2010, 2011

Evaluation of Painful Total Knee Replacement

HTO / Uni-compartmental knee replacement

Orthotics, Braces and Visco-supplementation in Knee arthritis

Scorpio Instructional Knee Course, Exeter

Nov 2007

Patient selection for Knee Arthroplasty

Alternative treatment to Knee Arthroplasty

Exeter Revision Hip and Knee meeting, Exeter

June 2007

Offset, Rotation and Alignment in Revision TKR
